PROJECTS

Project on **IOT-Based Weather Reporting System.**
Role -Team Lead.
Company - QIS College of Engineering and Technology – Ongole
Period - 6 months (Oct 2021 - Apr 2022)
Descriptions: We build a weather reporting system by using IOT technologies. It will help to monitor weather conditions like
              Temperature, humidity, air speed, and quantity.

Project on **Weather Forecasting App**
Role - Developer.
Company- ELearn Info Tech - Hyderabad
Period - 3 months (Jun 2023 - Mar 2023)
Description - It's a web application that will tell the users about the weather details of any particular Location. The interface will help
              Users to know about the weather conditions easily.

TRAINING

- While pursuing my graduation, I participated in automation training organized by QIS College through the Skill Development Center (SDC). Sep 2020 - Mar2021
